|             |  | Xerox LCDS, Metacode, IMG format, Postscript, Macro-11, C, SQL, Unix, VM, Barr |

## Achievements:-

|      |                         |   |
|------|-------------------------|---|
| 1998 | Xerox President's Award | Diagnostic Utility for 9700 Family printers |
| 2000 | US Patent No 6018164    | Transparency Sensor                         |

## Interests:-

|                    |  |
|--------------------|--|
| Linux              | Program development, web hosting       |
| Electronics design | Microcontrollers                       |
| Go                 | Social outlet                          |
| Bamboo             | Cultivation of Phyllostachys varieties |

## Objectives:-

I am looking for programming work.

I wish to make use of my Xerox experience or enter the Unix or Embedded application areas.

In the meantime I write PHP, Perl, Java or C out of interest and to stay in touch.
